Marabese
Ceramics

Our Story

We are a family run company and opened our doors in 1992 as 'Discount Tiles' at the Spirella Building in Letchworth. Since then we have gone on to open 3 stylish showrooms exhibiting our extensive range of quality imported ceramic and porcelain tiles from some of the most reputable factories in Italy, Spain and across the globe.

With nearly 30 years extensive experience in the ceramic sector specializing in all thing tiles, adhesive and ancillary products, the possibilities for our clients is endless, from inspiring our customers with the latest trends on the market to providing technical solutions for professionals involved with exciting projects.

Throughout our years trading we have developed and maintained strong relationships with our suppliers and can now boast a unique offering to our customers with market leading suppliers of all suitable ancillary products, tile adhesives, grouts and Tiles, offering a solution for every project.

With the expertise our staff have acquired over the years and with the support from our loyal suppliers we are able to be involved at the conception of any project, whether that be specifying the correct tile that suits that technical and aesthetic needs of the client, designer or architect or providing the correct technical information for the uncoupling membranes, waterproofing solutions and suitable tile adhesives.
